PROFESSIONAL SUMMARY AND OBJECTIVES

I hold a Higher National Diploma in Co-operative Economics and Management and bring over four years of practical experience in community engagement, cooperative development, and gender advocacy with a strong focus on clean cooking initiatives. My work promotes inclusive energy access for women in underserved communities across Nigeria. Through grassroots mobilization, stakeholder collaboration, and strategic training programs, I have championed gender-responsive approaches to sustainable development. My expertise spans cooperative formation, clean cooking awareness, community mobilization, and gender-focused environmental education, driving measurable impact in the clean energy space.
